Important :

1. The thicker the booklet, the more the inner pages will creep out (extend out of cover size) when folded. Hence, keep vital elements of the layout for the inner pages away from the edges as much as possible to avoid them being trimmed off.

2. Also, due to nature of center stitching, pages may not open flat, depending on the thickness, size and paper material of the booklet.*

3. Booklet which are smaller and thicker may not close fully.*

***Reject or refund claims regarding these are not applicable.**
