

How to send your artwork to us(via 3rd party uploader service)

(**IMPORTANT REMINDER!**:Make sure the file you send is in **Acrobat 4(PDF 1.3)**format,and if you are sending multiple file,please **zip the folder first!** before uploading)

Upload Via  :

1. Open www.mediafire.com with your browser

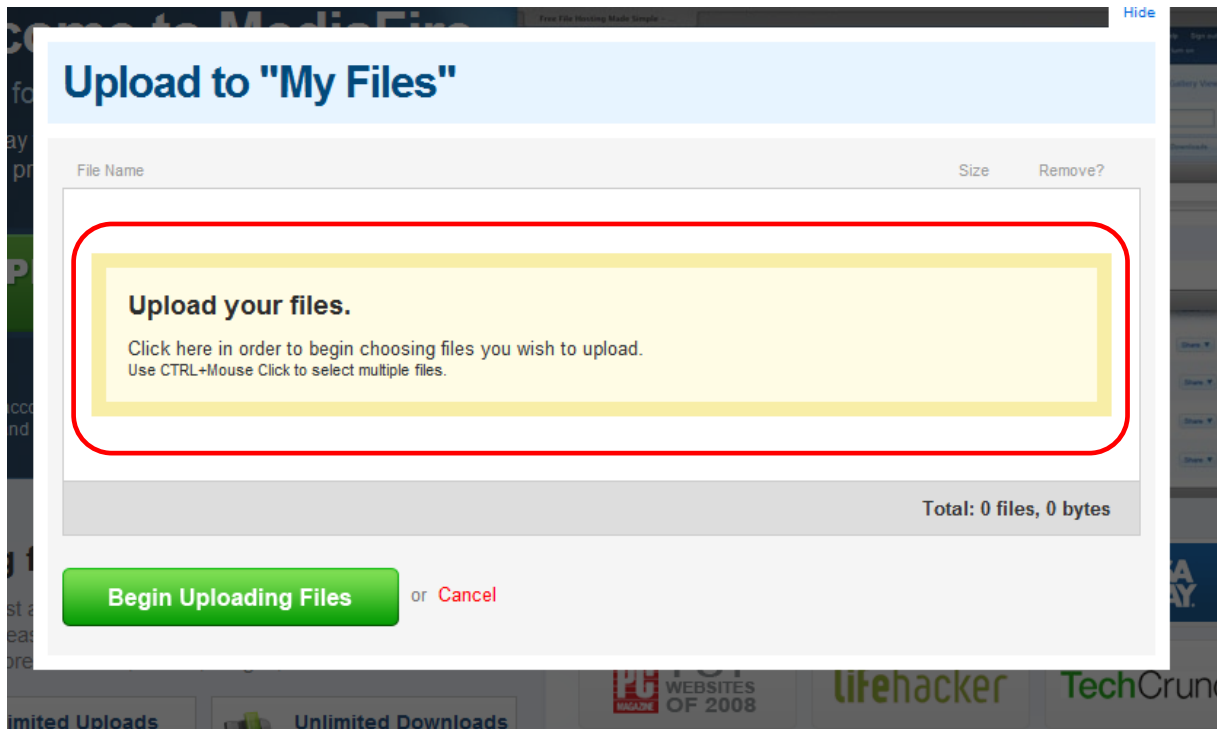

The screenshot shows the MediaFire website with a navigation bar at the top. The main content area features a 'Welcome to MediaFire' message and a large green 'UPLOAD to MediaFire' button. An inset window shows a file named 'Mac OSX Keyboard Shortcuts Quick Reference.pdf' being downloaded from the MediaFire interface. Below the main content, there are logos for PCWorld, CNET.com, USA TODAY, PC Magazine, lifehacker, and TechCrunch. At the bottom, there are two boxes: 'Unlimited Uploads' and 'Unlimited Downloads', both stating that all accounts have these features.

MediaFire has been acknowledged as one of PC Magazine's top web sites of 2008 and recognized as one of the simplest to use file hosting services

2. Click "Upload to Mediafire"

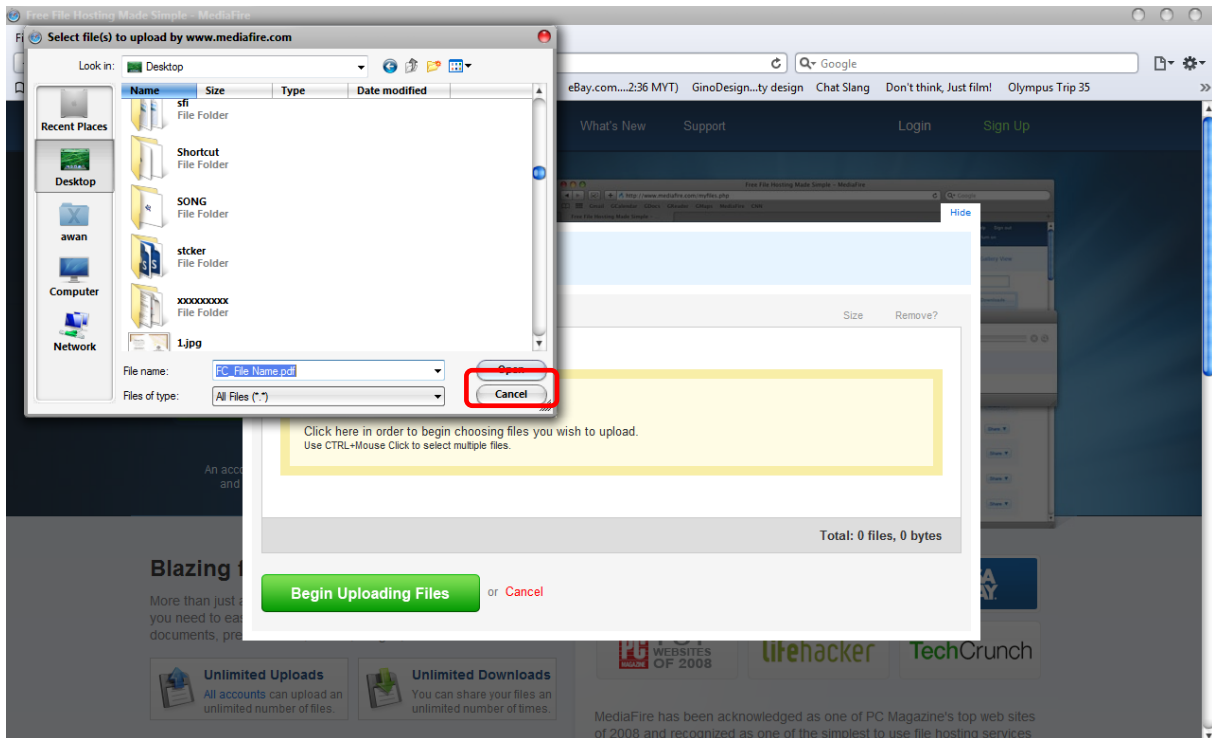

3. Click Upload your file

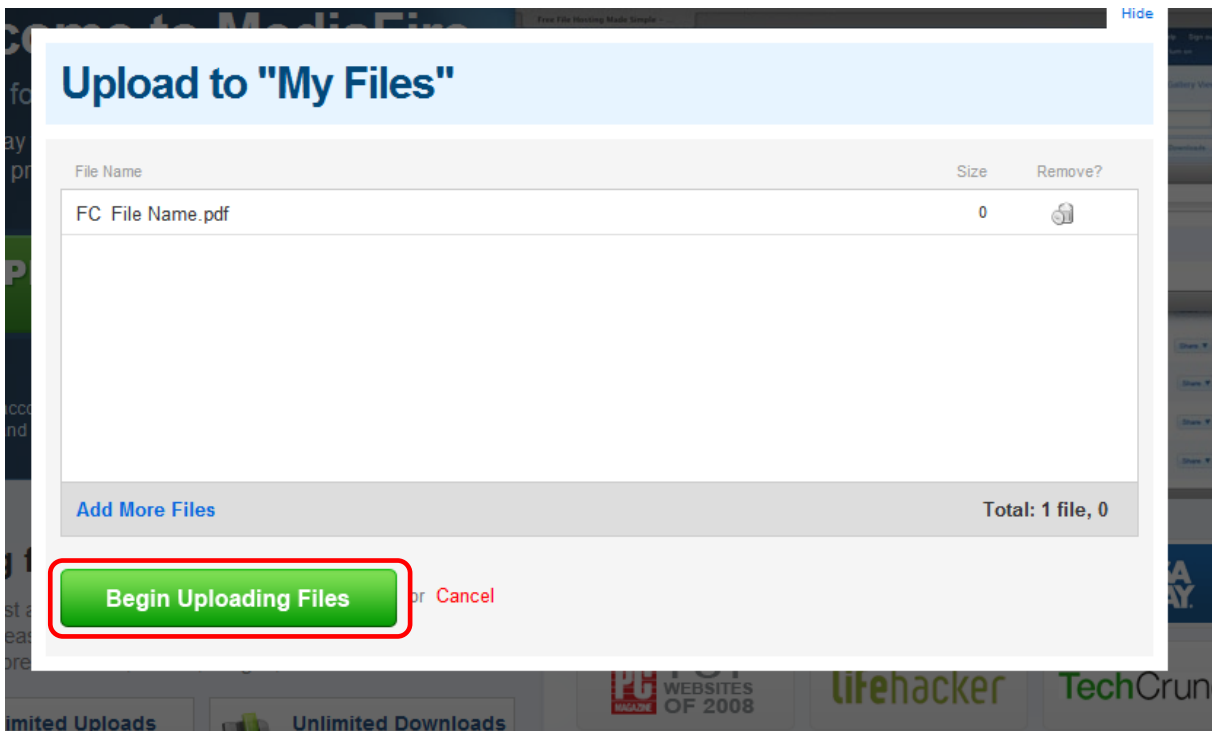

One Malaysia Printing!
